

Purpose

The purpose of the Level VI Impact Essay is to provide an opportunity for reflection on the value of ASCP and ESCP to participants who are nearing graduation eligibility. Refer to your materials from class and write about the things that have been the most valuable to you so far. Writing about the value these programs have provided to you actually enhances your learning experience as you think about the ways your strengths have developed through class discussions and how you have applied what you learned in your work environment.

- Explain **one principle from each category in the table on page 2** (ASCP Levels 1 – 3, ASCP electives, ESCP Levels 4 – 6, ESCP electives, Motivations and Strengths) that positively impacted your professional development.
 - Describe tools, techniques, or methods that help you apply each concept
 - Describe the difference this has made on your workplace as you interact with other people
- Match your motivators and strengths from ESCP Levels 4 and 5 and tell how this knowledge makes a difference in the way you approach situations.
